

ABSTRAK

ANALISIS PERHATIAN ORANGTUA PADA MASA NEW NORMAL TERHADAP PRESTASI BELAJAR MATEMATIKA

Riris Erina

16416286206115

Penelitian ini bertujuan untuk mengetahui perhatian orangtua pada masa new normal terhadap prestasi belajar matematika siswa kelas III SDN Purwadana I, Kecamatan Telukjambetmur, Kabupaten Karawang. Metode yang digunakan dalam penelitian ini adalah metode penelitian kualitatif deskriptif. Pengumpulan data pada penelitian ini menggunakan observasi, tes, wawancara dan dokumentasi. Teknik analisis data yang digunakan yaitu reduksi data, penyajian data, dan verifikasi kesimpulan. Hasil penelitian ini menunjukkan bahwa Perhatian Orangtua sangat di butuhkan oleh siswa pada masa New Normal seperti yang kita alami saat ini. Kegiatan belajar mengajar di sekolah tidak dilaksanakan seperti sediakala. Penyebaran virus Covid-19 yang begitu cepat menyebar pemerintah mengawatirkan kesehatan anak bangsa. Untuk meminimalisir penyebaran virus dan tetap menjalankan pembelajaran, pemerintah menurunkan peraturan baru yaitu pembelajaran jarak jauh. Tidak hanya guru saja yang berperan, tetapi juga orangtua ikut membimbing anak-anaknya agar tetap meningkatkan prestasi belajar di sekolah

Kata kunci: Perhatian orangtua, prestasi matematika, new normal

ABSTRACT

ANALYSIS OF PARENTS AT THE NEW NORMAL PERIOD TO THE ACHIEVEMENT OF LEARNING MATHEMATICS

This study aims to determine the attention of parents during the new normal period of mathematics learning achievement of grade III students of SDN Purwadana I, Telukjambetmur District, Karawang Regency. The method used in this research is descriptive qualitative research method. Collecting data in this study using observation, tests, interviews and documentation. The data analysis techniques used were data reduction, data presentation, and conclusion verification. The results of this study indicate that parental attention is needed by students during the New Normal era as we are experiencing today. Teaching and learning activities in schools are not carried out as before. The spread of the Covid-19 virus, which has spread so quickly, the government is concerned about the health of the nation's children. To minimize the spread of the virus and continue learning, the government issued a new regulation, namely distance learning. Not only teachers play a role, but also parents help guide their children to keep improving their learning achievement at school

Keywords: Parents' attention, mathematics achievement, new normal
