**ABSTRAK**

Penelitian ini bertujuan untuk mengetahui Pengaruh Model Project Based Learning (PjBL) Terhadap Sikap Peduli Lingkungan di Sekolah Dasar Kelas V Tahun Pelajaran 2023/2024. Penelitian ini merupakan jenis penelitian kuantitatif eksperimen. Populasi yang digunakan dalam penelitian ini adalah kelas V di SDN Karawang Kulon III. Dengan mengambil sampel 50% dari anggota populasi maka didapat sampel berjumlah 20 siswa. Teknik pengumpulan data untuk menguji validitas instrument penelitian menggunakan rumus perhitungan Point Biserial. Hasil pengujian validitas instrument penelitian dari 15 soal hanya 9 soal yang valid. Hasil pengujian hipotesis diperoleh nilai pretest 56.30 sedangkan untuk nilai posttest adalah 79.65 dan berdasarkan hasil uji t test menunjukkan nilai adalah 0.000 lebih kecil dari  $\alpha = 0.05$  menunjukkan bahwa hipotesis diterima. Dari hasil penelitian ini dapat disimpulkan bahwa terdapat pengaruh Model Project Based Learning (PjBL) Terhadap Sikap PeduliLingkungan di Sekolah Dasar.

**ABSTRACT**

*This study aims to determine the effect of the Project Based Learning (PjBL) Model on Caring for the Environment in Class V Elementary Schools of Academic Year 2023/2024. This research is a type of experimental quantitative research. The population used in this study was class V. By taking a sample of 50% of the members of the population, a sample of 20 students is obtained. The data collection technique to test the validity of the research instrument uses the Bisserial Point calculation formula. The results of testing the validity of the research instrument from 15 questions only 9 questions were valid. The results of testing the hypothesis obtained a pretest value of 56.30 while for the posttest value was 79.65 and based on the results of the t test showed the value was 0.000 less than  $\alpha = 0.05$  indicating that the hypothesis was accepted. From the results of this study it can be concluded that there is an influence of the Project Based Learning (PjBL) Model on Environmental Care Attitudes in Elementary Schools.*
