ABSTRACT

This research aims to determine the influence of the Projek for Strengthening the Profile of Pancasila Students with the theme Voice of Democracy on Increasing Student Civic Participation, as well as to find out how much influence the Projek for Strengthening the Profile of Pancasila Students with the theme Voice of Democracy has on Increasing Civic Participation of Students. This research uses a quantitative approach with survey methods, data collection using documentation studies, questionnaires and observations. The population in this study was class XI students at SMAN 5 Karawang, totaling 430 students. The sample taken in this study was 129 students. The research results show that there is a significant influence between the Projek Strengthening Pancasila Student Profile variable with the theme Voice of Democracy on the Student Civic Participation variable. This is based on the results of the T test which shows that the tcount value is 19,594 while the ttable has a value of 1,978. Apart from that, the significance value obtained is of 0.000, this shows a value of $0.000 < 0.05$. If the significant value is < 0.05 and tcount $>$ ttable then it can be interpreted that the variable is influential and significant. So H_a is accepted and H_o is rejected. The magnitude of the influence of the Projek for Strengthening the Profile of Pancasila Students with the theme Voice of Democracy on Increasing Student Civic Participation based on the coefficient of determination test shows a value of 0.751. If converted into a percentage, it shows a figure of 75.1% of the influence of the Projek for Strengthening the Profile of Pancasila Students with the theme Voice of Democracy on Increasing Student Civic Participation. The remaining 24.9% was influenced by other factors not included in this research.
