Penelitian menggunakan pendekatan kualitatif dengan metode deskriptif, dengan subjek penelitian yaitu Kesiswaan, Pembina FPSH-HAM, Ketua, Wakil, dan Anggota FPSH-HAM. Hasil penelitian yaitu menunjukkan bahwa tingkat kesadaran hukum tergolong cukup baik, tetapi masih ditemukan beberapa pelanggaran tata tertib. FPSH-HAM berupaya meningkatkan kesadaran hukum melalui keterlibatan siswa dalam kegiatan seperti debat, diskusi hukum, sosialisasi, dan kunjungan ke lembaga permasyarakatan. Program-program tersebut bertujuan membentuk budaya sadar hukum di lingkungan sekolah serta membangun karakter siswa yang kritis dan bertanggung jawab. Namun, hambatan seperti kurangnya sosialisasi, keterbatasan dana, dan minimnya dukungan sekolah masih menjadi kendala. Meskipun demikian, FPSH-HAM memiliki kontribusi baik dalam membentuk kesadaran hukum siswa di sekolah.
