ABSTRAK

Penelitian ini bertujuan untuk mengetahui Pengaruh Media Sate Bilangan Terhadap Kemampuan Berhitung Perkalian Siswa Sekolah Dasar, karena saat melakukan observasi di SDN Tanjung Pura IV tidak semua siswanya tertarik terhadap pelajaran matematika dan kurangnya media pembelajaran. Penelitian ini merupakan jenis penelitian kuantitatif. Subjek penelitian adalah seluruh siswa kelas III SDN Tanjung Pura IV yang berjumlah 48 siswa terdiri dari 28 siswa perempuan dan 20 siswa laki-laki. Metode pengumpulan data yang digunakan adalah uji coba instrument tes uraian, dan dokumentasi. Penelitian menunjukkan bahwa pengaruh media *Sate Bilangan* dikatakan berhasil diterapkan di kelas rendah untuk menumbuhkan kemampuan berhitung perkalian. Dari hasil penelitian yang telah dilakukan dapat disimpulkan bahwa pengaruh media *Sate Bilangan* dapat menumbuhkan kemampuan berhitung perkalian siswa sekolah dasar kelas III SDN Tanjung Pura IV Tahun Pelajaran 2018/2019.

Kata kunci: Media *Sate Bilangan*, Kemampuan Berhitung Perkalian

***The Influence of Media Satay Numbers Against Ability to Calculate Multiplication of
Elementary School Students in Class III SDN Tanjung Pura IV***

ABSTARCK

This study aims to determine the effect of media satay numbers on the ability to calculate the multiplication of elementary school students, because when conducting observations at the SDN Tanjung Pura IV, not all students are attracted to mathematics and lack of learning media. This research is a type of quantitative research. The research subjects were all grade III students of SDN Tanjung Pura IV, with 48 students consisting of 28 female students and 20 male students. Data collection methods used were trial test instrument description, and documentation. Research shows that the influence of Satay Numbers media is said to be successfully applied in the lower classes to foster multiplication ability. From the results of the research that has been done it can be concluded that the influence of the media Satay Numbers can foster the ability to calculate multiplication of grade III elementary school students of SDN Tanjung Pura IV in the academic year 2018/2019.

Keywords: Media Satay Numbers, Multiplication Ability
